Brief description of filing. (If filing follows rates of an advisory organization, specify organization):

Homeowner underwriting guidelines have been expanded to allow pools with slides that meet certain criteria to be written with separate UW approval. Pools with slides will be surcharged in the same way that diving boards and trampolines are today. The manual rule for functional replacement cost coverage has been revised to clarify the loss settlement that will occur for these properties.

These rule revisions have caused certain page numbering throughout the manual to change. Also, the manual index has been revised to note the inclusion of pool slides in the diving board and trampoline surcharge. The changes to these manual pages are editorial and do not produce any material change in the product.

Dwelling Property eligibility guidelines have been revised to include several new items. The manual rule for functional replacement cost coverage has been revised to clarify the loss settlement that will occur for these properties.

A rule in the Personal Liability Umbrella coverage manual has been revised to address risks with pool slides that are now eligible for coverage under the homeowner program.

* Adjusted to reflect all prior rate changes.

** Change in Company's premium level which will result from application of new rates.
